

Biggest Privately-operated Shipyard Upgraded with MAN Service Network

Copenhagen, 08.12.2017

MAN PrimeServ China signs Service Station Agreement with Zhoushan Xinya Shipyard Co., Ltd (XINYA) during Marintec China.

Jeffrey Ang, Vice President, Head of Engine and Marine Systems Asia Pacific – MAN Diesel & Turbo, and Zhou Boting – Vice General Manager – XINYA, signed the agreement on behalf of their respective companies.

Having signed the Agreement, XINYA will build a 560-sqm service workshop within its facilities in Zhoushan, expecting to be finished next August. MAN PrimeServ will provide service for diesel engines, propellers and turbochargers in the new service workshop.

“As MAN’s service brand, MAN PrimeServ is determined to become a preferred service provider”, said Ang at the signing ceremony. “With the establishment of the new service spot, we are closer to the customers, thus being able to provide more efficient and prompt service to the ship owners.”

XINYA is the nation’s biggest privately-owned shipyard, with an annual repairing volume of 400 ships.

“We have confidence in MAN products and services. And we really look forward to our collaboration in the future with the new service workshop”, said Zhou Boting.

About MAN Diesel & Turbo

MAN Diesel & Turbo SE, based in Augsburg, Germany, is the world's leading provider of large-bore diesel engines and turbomachinery. The company employs around 15,000 staff at more than 100 international sites, primarily in Germany, Denmark, France, Switzerland, the Czech Republic, India and China. The company's product portfolio includes two-stroke and four-stroke engines for marine and stationary applications, turbochargers and propellers as well as gas and steam turbines, compressors and chemical reactors. The range of services and supplies is rounded off by complete solutions like ship propulsion systems, engine-based power plants and turbomachinery trains for the oil & gas as well as the process industries. Customers receive worldwide after-sales services marketed under the MAN PrimeServ brand.
